

THE AGENCY BULLETIN

Monthly Newsletter of Stansbury Service Agency

Message from the GM

It's amazing to me that it is already the first of August! As Sylvia Plath described it, August is the "odd uneven time" nestled between the fading summer and birth of a new fall. It is also a time for planning at the Agency as we take stock on the quality of our parks and green spaces and the service we provide to the community. One way we are striving to improve our service to residents is that we have added an on-call person for after hours Agency "emergencies" such as broken sprinkler heads and security issues. To reach our after hours staff, please call 801-380-0388. For any other questions or concerns, please call our main office at 435-882-6188 during business hours.

Introducing our new Operations Manager

Darin Jacobs has been our Master gardener for the last six years. He is responsible for the beautiful flowers throughout Stansbury Park. Throughout his work experience, Darin has accumulated experience in management, knowledge in government regulations, and compliance with various government agencies.

He is an asset to the Agency. In his new position, he will oversee the day-to-day operation of the agency.

Watering Tips

This is the time of year when you hang on and maintain. Plants are transpiring water at a higher rate so look for droopy leaves (wilt). Adjust your water accordingly. In our current drought you may (and should) be re-considering your plant selections to get rid of high-water use varieties. Jordan River Water Conservancy District (8215 S. 1300 W.) has a wonderful set of gardens designed to give you ideas, and the “flip the strip” program for implementing them. Check them out!

The few storms that we recently experienced have been beneficial to the lake water level and the lake is now almost at its normal level. And, as a reminder for those that live on the lake, we will pick up any lake weed that is on your curb on Mondays and Fridays.
